Kara Leier | Data Scientist

SK | kjl@sasktel.net | 306-281-6510 | linkedin.com/in/kara-joyce-leier | github.com/karajoyce

Objective

Entry-level Data Analyst with a Master's in Data Science and strong Python, R, and SQL skills, eager to use to drive data-informed business decisions.

Technical Skills

Languages: Python, R, PostgreSQL, MQL, C, Risc-V Assembly, Java, Javascript, HTML
Softwares and Models: NLP, pgAdmin, RStudio, JetBrains IDEs, git, Praat, Pandas, Numpy, Scikit-learn, ggplot, Altair, OOP

Education

University of British Columbia, Master of Data Science - Computational Linguistics — Aug 2025 – June 2026
Relevant Coursework: Data Visualization, Databases & Data Retrieval, Machine Learning

University of Saskatchewan, Bachelor of Arts (Hons.) in Linguistics, *High Honours* — Sept 2020 – June 2025

University of Saskatchewan, Bachelor of Science (3yr) in Computer Science, *Great Distinction* — Sept 2020 – June 2025

Experience

Technical Assistant, Natural Resource Canada — June 2025 - August 2025

- Completed data pre-processing with Python alongside a soils scientist and database engineer to prepare for database integration aimed to put soil data into one database with a new data model.

Accounting Administrator, Northern Strands — August 2024 - August 2025

- Implemented projects for various supervisors, including updating price lists, entering invoices, reviewing expense reports, saving my supervisors around 16 hours a month.

Undergraduate Research Assistant, University of Saskatchewan — July 2024 - April 2025

- Performed data processing in Python and manual semantic classification on Indigenous dictionary data to prepare for Honour's Project classification.

Assistant Center Director, Code Ninjas Saskatoon — April 2022 - August 2023

- Managed employees while they ran coding classes. Managed customer payments, accounts, registration, digital marketing campaigns, and ensured the classroom was in order. Ran coding camps for children during the summer.

Projects

Honour's Project/Undergraduate Thesis

- Compared manual semantic classifications with computational semantic classifications of Denesuline unsing data analysis techniques.

TruNotes: Note-Taking Application — GitHub - Note Taking App

- Collaborated with and led a team of developers to create a desktop note-taking app using Agile practices.

LSC First Year Handbook (Linked on the Linguistics Dept. Website) — Link to Handbook via Dept.

- Collaborated to launch the first draft of a handbook geared toward lower-year students in Linguistics who want the advice that took us a long time to figure out!

Volunteer Work

Student Representative - UBC MDS-CL

- Nov. 2025 - Present, support students with academic issues and social events.

Linguistics Student Committee

- May 2024 - April 2025 (Secretary), May 2023 - April 2024 (Vice President), Jan. 2022 - April 2023 (Treasurer)
